

Working with Colleges and Departments of Education

Jim Rund
Business Development Mgr, SA

Presentation Purpose:

Provide you a useable, valued suite of tools for working with Colleges of Education

Software Resources

College of Education Objectives

- Prepare teachers
- Provide support for schools and teachers
- Do scholarly research

Software

- Inspiration
- iMovie
- SPSS
- QT
- Apple Education Series
- Kid Pix Studio
- Office'98
- Media Plant

Inspiration

- HOTS - *develop and organize ideas*
- Brainstorming
 - input at student's best ability
- Nonlinear approach to problem solving
(the world isn't linear)
- Collaboration - one of key learning strategies

iMovie

- Comes with each DV iMac
- Perfect for teachers, students

- Demo

SPSS

- Most widely used Statistics Package
- Used across many disciplines
- Redeveloping for Macintosh

Apple Education Series

- “Best of Best” in core curriculum areas
- Global launch in Mar/Apr (English)
- Primary, Middle, High schools
- CD’s, teacher reference material
- Australia applicable

Kid Pix Studio

- Primary Schools (K-7)
- Sequencing (getting things in the right order)
as a way of understanding
- Crosscurricular
- Graphic based (all this work for this?)
- Animation

Office '98

- Most popular business applications have Mac twin
- Share same file formatting
- New Internet Explorer (March)
- Express, Outlook, Office 2000 native on OSX

Media Plant

Resources/Tools

- Apple Distinguished Schools
- Apple Staff Development
- AUC
- Apple Learning Interchange
- iTools
- Sherlock
- Planning

iTools - Kidsafe

- 55K web sites pre-screened and approved by educators/librarians
- Blocks rest, edit'able by parents/teachers
- Acceptable content **AND** educational relevance

iTools-iReview

- Review and index of web sites

Sherlock- searching

- Internet
- Hard drive - indexed

Teaching, Learning & Technology Pkg

- QT clips of best practice examples
- Planning templates
- Theory and practice
- Technologies used

Apple Distinguished Schools

- Reference them
- Use them for presentations, consulting

Apple Learning Interchange

- Int'l site for discussions and sharing courseware and ideas
- K-12, HiEd
- Cross-curricular/departmental
- ✓ • Demonstrate - <http://ali.apple.com.alihe>

Apple Staff Development Online

- Self paced courses: curriculum integration, leadership, internet, mobile computing
- Fee based on single, yearly license
- Coming in June-Mentors/Trainers needed
- <http://ali.apple.com/alihe/>

Compatibility

- Files: File Exchange/PC Exchange
- Programs: VPC
- NT Networks: services provided-configure
DAVE -Macs appear to server as PC
- Novell - Mac support via TCP/IP, IPX, AppleTalk

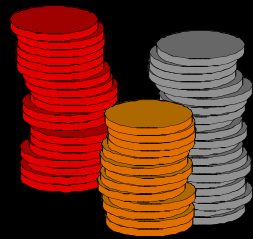

Apple University Consortium

- Purpose: “support the use of Macintosh technology to further the goals of education”
- Joint support of MM title development
- AUDF

Airport technologies

- Save

- Industry Direction (wireless)

- Based on industry (Lucent) standards

Planning

- With you, your SE, the ADS rep, your Apple rep, re: directions, (often need help planning).
- Teaching, Learning & Technology CD's
 - best practice examples, planning templates
- Communicate, Communicate, Communicate!

“3/4’s of success is showing up”

Woody Allen

Think Different

Education
